Projects

Marathwada Water Tank Cleaning (MWTC)

Marathwada Water Tank Cleaning (MWTC) provides safe, reliable, and eco-friendly water tank cleaning across Marathwada. With trained staff and modern methods, we ensure clean storage and healthy water for every need. The MWTC website is a full stack web application developed to provide an online platform for showcasing services and managing customer bookings. It integrates frontend technologies (React.js and Tailwind CSS) to ensure interactivity and reliability.

Power BI Project – Blinkit Sales Dashboard

Developed an interactive sales analytics dashboard using Power BI to analyze Blinkit sales performance. Collected business requirements, cleaned and transformed data using Power Query, and created KPIs and measures with DAX. Designed visualizations to evaluate sales trends, item categories, outlet performance, and customer ratings, enabling data-driven insights.

“Book_Point” - Digital Library and Reading Platform

Book_Point is a next-generation digital library designed to make reading and learning more accessible than ever. Whether you’re a student, professional, or an avid reader, our platform provides instant access of e-books, audiobooks, research papers, and magazines across multiple genres and languages. With advanced search and categorization features, you can quickly find exactly what you’re looking for.
